

51-100%- You tend to be a trailblazer. You believe that times change and we should evolve accordingly to ensure that we don't get left behind. Having new and interesting ideas is the way to pioneer growth for the future. You can be a great problem solver when it comes to following underrated and abstract methods to achieve your goals.

Innovative Result

0-50%- You believe that tradition holds a fundamental place in the workplace. You are hesitant to try something new and it might take plenty of convincing for you to finally switch to something new. People might see you as being stuck in the past, but you are rather safe than sorry. When it comes to new ideas, you often need some time to compare and evaluate how it works with older traditions.

51-100%- You see the world as your playground and you often want people to be innovative and explore new ways of doing old things. I can be demanding to come up with all these new and innovative ideas, but you tend to trust yourself and you feel that the old should be left in the past.
