

Role Guide Assessment Tool

LEAD / IC to Manager

Use this assessment tool to calibrate on the performance of your high performing Leads/ICs at regular intervals.

Best Practices:

- ✓ Type the best specific example for each role guide area
- ✓ Review the tool with your Associate during check-ins
- ✓ Update the tool with relevant examples when you want to calibrate with others

Questions to ask yourself:

Recurrence vs. Occurrence

- What should they demonstrate?
- How often have they demonstrated this?

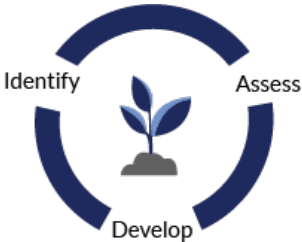

Initiated vs. Instructed

- Did they proactively recognize and take advantage of the opportunity?
- Did they demonstrate at the Next Level without prompting?

Validated vs. Viewpoint

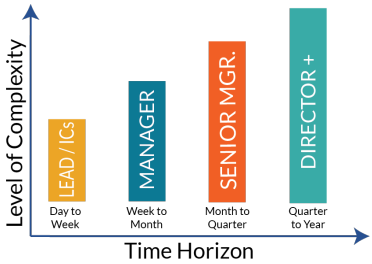

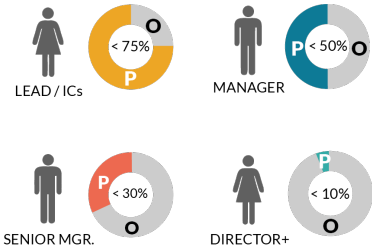

- How should I observe this?
- Who else can provide feedback/observations on this?
